niseko; your playground

The region boasts world class golf courses, numerous other ski resorts, rafting, trekking, fishing (both river & ocean) and a host of other activities. The Setsumon is positioned for you to capture the fabulous year round Niseko lifestyle.

winter

Niseko is a powder haven. No other world ski resort features a combination of:

- 15 metres annual snowfall
- Ultra dry snowflakes with extraordinary low water content
- Some of the worlds longest resort opening times
- Vast night skiing / boarding area
- Trailing Siberian storms making some of the most consistent powder snow on the planet
- Four interconnected resorts with access to over 2000 acres of skiing area on one lift ticket
- Fantastic local village atmosphere

summer

The summer market potential is a major benefit for investors. As the tourism increases in winter the market for the alpine summer opens up. The mild dry temperate allows for a burgeoning summer lifestyle including;

- Golf on the many world class golf courses in the region
- Rafting amongst the amazing summer greenery
- Mountain bike riding the alpine trails
- Fly fishing the natural rivers or ocean fishing in the Sea of Japan
- Or simply relaxing in the numerous onsens
